

HEALING FATHERS. SAVING FAMILIES.

## Archie's House

This transitional house exists to further the vision of Fathers Forever. By having housing and rehabilitating activities, we can produce more of lasting effect on men being restored back into their community. Our Transitional House better known as Arche's House has:

- *Garden where there are fresh vegetables growing,*
- *Laundry facility,*
- *Cable television, Reading Resources, Wi-Fi, Board Games, and Home Gym.*
- *Hygiene packages, Toiletry kits, Notebook and Pens.*
- *First Aid Kits, Socks and Snack Foods.*

Each participant receives housing and support services up to 90 days. We provide 3 meals per day, daily morning, afternoon and evening groups/classes. As clients establish their goals and return to the community, they need good support systems in place to be successful in remaining free, so our current peer support specialist and case manager are essential and assist them with their goals and objectives. Some of the classes we provide are: *Employment Services, Job placement, Transportation Assistance, Free Bus passes, Substance Abuse Services, Family Reunification and Parenting classes.*
